Experience

Front-End Development Learner under Mentor Guidance

Dec 2022 - present

- Developing my own React app called IBOS (I Build On Strengths)
- <https://github.com/fromITzerotolThero/IBOS>
- IBOS is a mock shop selling swag based on Gallup StrengthsFinder Themes
- Front-end code (JS, JSX, CSS) entirely written by me
- Based on functional components and module CSS
- Back-end code (Supabase) set up by my mentor
- Backlog based on user stories
- Work based on code reviews and pull requests under my mentor's supervision
- Continuous learning process based on MDN's Front-End Web Developer Guide, React Docs, Harvard CS50 course and Brilliant app
- **IBOS Stack:**
React.js / JSX / JS / CSS modules / HTML5

E-commerce Sales Assistant - COMBAG

Dec 2020 - Dec 2021

- Trade primarily centered around North American and EU markets
- My duties involved invoicing, customer support, creating new tags and product descriptions in English
- Gained familiarity with SEO and Etsy's Search Analytics customer tracking tool

Medical Doctor - Internal Diseases Department, University Hospital in Cracow

Dec 2015 - Nov 2018

Post-graduate Medical Intern - Ludwik Rydygier Specialist Hospital in Cracow

Oct 2014 - Nov 2015

Career Breaks for Maternity Leave and Raising Children: 2019-2020, 2022
